Dear Parents and Guardians:

On Friday, October 27, our grade 7 students will participate in a morning of service by helping out around our school community. This community service provides an opportunity for students to put into action the Board's spiritual theme, "Sent to be the Good News".

Grade 7 students will meet in homeroom for attendance and then head outside. Students will be helping the school with some of our fall yard work (for example, raking, picking up garbage), so they should be dressed appropriately to be outside. Students will also participate in community building and reflective retreat activities.

Our morning of service will allow the students to work together as we build community in a fun and collaborative atmosphere. If you have any questions, please call the school or feel free to email me directly.

Sincerely,

Sean McElhinney
Chaplaincy Leader
St. Paul CHS
