Tuesday, October 24, 2017

Dear Parents and Guardians:

On Friday, October 27, our grade 8 students will participate in a morning of service at St. John the Apostle Parish, one of our school parishes. This community service provides an opportunity for students to put into action the Board's spiritual theme, "Sent to be the Good News".

Grade 8 students will meet in homeroom for attendance. They will then walk to St. John the Apostle, leaving at approximately 8:10 a.m. While at the parish, students will participate in a morning liturgy, as well as community building and reflective retreat activities. Students will also assist the parish with some of its fall yard work (for example, raking, picking up garbage), so they should be dressed appropriately to be outside. We will walk back to school and return in time for lunch.

Our morning of service will allow the students to work together as we build community in a fun and reflective atmosphere. If you have any questions, please call the school or feel free to email me directly.

Sincerely,

Sean McElhinney  
Chaplaincy Leader
