Please note that the events listed in this brochure are the only graduation events sanctioned by the school. In past years, students have organized out-of-school fundraisers, grad trips, and pre- and post-grad parties. Of course students are always free to organize events out of school; however, these are not encouraged, supervised, nor supported by St. Paul staff. These outside events should be under parental supervision and guidance, and St. Paul Catholic High School takes no responsibility for them.
